ABOUT

Highly motivated Computer Science and Engineering student with a strong foundation in competitive programming, data science, Machine Learning, and Artificial Intelligence. Proven ability to develop practical, impactful solutions through diverse projects, demonstrating robust problem-solving skills and a collaborative approach. Eager to leverage technical expertise and adaptability to contribute to innovative software and AI/ML initiatives.

PROJECTS

ARFF Tree Explorer AI Project

Jan 2023 - Dec 2023

Developed a Python application for interactive exploration of ARFF datasets, designed to streamline data preprocessing, model training, and decision tree visualization.

University Management System

Jan 2023 - Dec 2023

Designed and built a comprehensive University Management System using Java and MySQL, aimed at efficiently managing academic and administrative records.

Blog Website: Online Story Telling Hub

Jan 2023 - Dec 2023

Created a dynamic and responsive blog website utilizing JavaScript, HTML, CSS, and PHP, offering a platform for user accounts, content publishing, and interactive features.

IT Club Management System

Jan 2023 - Dec 2023

Developed an IT Club Management System in C, designed to efficiently oversee members, events, resources, and financial transactions.

Ride Sharing System

Jan 2023 - Dec 2023

Constructed a shell-scripted Ride Sharing System, integrating secure login, ride management, and an efficient shortest-path routing algorithm.

Weather Tic-Tac-Toe

Jan 2023 - Dec 2023

Created a multi-faceted Java application combining a Weather App with an API-based multiplayer Tic-Tac-Toe game, highlighting skills in OOP, GUI, and networking.

EDUCATION

Computer Science and Engineering

CGPA: 3.07 • Green University of Bangladesh (GUB) • BSc. - Dhaka, Dhaka, Bangladesh • Jun 2022 - Jun 2026

Science

GPA: 4.90 • Hajigonj Model Govt. College • HSC - Cumilla, Chittagong Division, Bangladesh • Jul 2016 - Jun 2018

Science

SKILLS

Databases | MySQL

Technical Tools | Figma, LaTeX, Lucidchart, Canva

Programming Languages | Python, Java, C/C++

Web Development | HTML, CSS, JavaScript, PHP

Machine Learning | NumPy, Pandas, Scikit-learn

Competitive Programming Platforms | Codeforces, CodeChef, AtCoder, LeetCode

AWARDS

Certificate of Appreciation - AI/ML/IoT Bootcamp

Green University of Bangladesh, IEEE GUB, and Bondstein Technologies • Jan 2023

Awarded for successful completion and active participation in a 5-day intensive bootcamp focused on Artificial Intelligence, Machine Learning, and Internet of Things.

LANGUAGES

..

INTERESTS

- Professional Interests
- ML/AI and Software Engineering
 - Competitive Programming
